Wherever there is a case of enfecbled. digestion, whether from advancing age, illness, or general debility, there is a case for Benger's Food.

When the stomach becomes weakened, the digestion of ordinary food becomes only partial, and at times is painful, little of the food is assimilated. and the body is consequently insufficiently nourished.

This is where Benger's Food helps. It contains in itself, the natural digestive principles, and is quite different from any other food obtainable. All doctors know and approve of its composition.

and prescribe it freely. For INFANTS, INVALIDS, AND THE AGED. The "British Medical Journal" says: "Benger's Food has, by its excellence, established a reputation of its own." ## KNOCKED DOWN BY A

OYCLIST. Accident To A Little English Boy

AND ITS SEQUEL. ... pathetic story illustrating the dangers of street traffic that threaten children was recently related by Mrs Sarah Levien, of 29, Normandale Street, Sheffield, whose son Percy was for many years helplessly paralysed through a street accident, yet is now a sturdy youth in his teens. "Had i not been for our own experience I should have doubted "that such a hopeless case could have been cured by Dr. Williams' Pink Pills. But there is living evidence in

my son Percy," soid Mrs Levien.

"Percy was about three years old when the accident occurred. He was crossing the road when a cyclist knocked him down. From that day he seemed to lose all appetite and turned very frail and palo. In time a large swelling appeared on his spine, which became very painful. Later there was a numbness in his legs and ankles, and he seemed to lose all power over his limbs. When we took him out of bed he could only stand by holding on to a chair.

"A doctor said that Percy was suffering from Paralysis. When ordinary treatments failed Porcy was ordered to the hospital. But curvature of the spine developed and on Pluster of Paris jacket. After three years' treatment at the hospital he was discharged of goals." as incurable. The pain in his spine was almost more than the lad could stand at times. Lafer an abscess formed on his back where the swelling had been, and this further weakened him. For two years longer he his back was unbearable to him. " He had to

lie all the time, and we could only take him out of doors in a 'Spinal' carriage. "Then I read of a case of Paralysis being cured by Dr. Williams' Pink Pills. I got. Steadily his health improved and after a time the abscess began to heal "As he continued with Dr Williams' Pink Pills he was able to stand, and as his limbs became freer, he could get about almost as well as other boys. After taking further supplies the Paralysis left him, his strength increased and soon he had no further need

(From Our Own Correspondent.) " EDINBURGH, August 29. There were two surprises in this week's Association football, -Aberdeen Dundee were defeated in their League ongagements. Dundee has this year lest some of its best players, and it was well

the professional clubs, -lately they have lost several fine players, but it was pure bad luck on their part to go down so heavily to the Heart of M'd-Lothian. Raith Rovers were another unfortunate club; Ewart, the Airdrie goalkeeper, prevented their victory by his closeness and reliance. ## SOME STORIES ABOUT BEADLES.

A writer in one of the Ecottish newsonners, in a series of articles under the title of "Our Parish," tells several, stories about bondles. One of these officials, be says, would not listen to a sermon if he could possible help it: he abandoned his seat in the church and placed for himself a chair in the porch. He explained that when people fainted owing to the heat and the evil ventilation he was there ready there with a jug of water for the offices of recovery. He knew, too, where at times he could get stronger restoratives than water. But the beadle, having learned by experience the dark possibilities, latent in human nature, seldom went beyond the

jug of water. He did not want too many However plausibly the beadle might explain his absence from the church and his presence in the porch, it was greatly to be feared that the true reason was that given by the little girl when she was asked why David was ready to be a doorkeeper in the House of the Lord, -"Because, she said, "he could walk about outside

713 the church in the time of sermon." The old race of beadles were watch-dogs of orthodoxy. "I heard you were awa and listening eagerly last Sunday," said famous minister to his beadle in Glasgow "and to-day you slept all through the sermon." "Well," was the reply, "thiere is not niged, sir, for to watch yo; yo're sound; but thee young men, -thac need

watchin'." Another minister saw his boadle laughing after the service as one who had been victorious. On being neked the reason, he answered, -"Dod, sir, they were saying yo, had preached an auld, sermon; but I tackled them, for I tauld them it was no an auld ano; for ye preached it no sax months afore."

The old-time beadle also disapproved of any novelty. When Principal Story became minister of Roseneath, the old headle stronuously resisted all changes, threatening on every occasion to resign. At last a crimson cloth was introduced as a covering for the Communion table. On that fatoful Sunday the beadle brought the books down from the pulpit of Roseponth Church, and depositing them with a bang on the Cable in the vestry, exclaimed definitly, "I canno tholo this; I'm duno wi' yo noo t''.

## SEVEN LIONS IN TEN

The remarkable feat of killing sover lions and wounding two others with ter shots fired within ten minutes is causing great excitement among sportsmen in British East Africa, says a Central News message from Mombasa. This was the achievement of a young Dutchman, M Postma, the son of a clergyman of the Transvaal Reformed Church. Young Postma, who is only twenty-one years of age, had been sent by Mr Russell Bowker, of Kedong Valley, with a waggon and exen into the Guasno Nyiro district. He was accomparated by two natives. At dawn Postma and the waggon reached i little stream known as Deep Dale. No sonner had the oxen been turned loose than they were attacked by nine lions. Postma jumped on to the waggon, caught up his rifle, and opened fire on the beants, which had already killed one of the Geese,-Ngoi öxen. Less than ten minutes later three In Lawn Tennis, Pollock-hields again lions and four lionesses lay dead on the won the Calcutta Cup; "they have had ground, the nearest but fifteen yards away the custody of the trophy since its The remaining two, badig sounded, had

> A Washington message to the Cable neres American, dated the 15th inst. says:-A poll on Presidential preferences was taken at the convention of State governors now in meeting at Springlake with about 30 executives in attendance. It was found that the Republicans were about equally divided between President Taft and Senator La Follette and that the Democrats divided in about the same proportion in expressing preferences for Governor Wilson and Governor Harmon. Considerable surprise is being expressed that so many Republican Governors signified a desire to see Schator La Follette the party's candidate.

From Canton comes a report that the Tontai for the promotion of industries has received a report from Kwong Shun Tak, mining engineer, announcing the existence of a rich coal mino near Man Lau Hill of Nam-hoi district, and has instructed the Nam-hoi Magistrate that a mining expert will shortly repair thither with the deputation despatched by the Tontai. The Dab,-Sa Mang Yu magistrate is also required to have inquiry instituted as to whether the mine is on government or private land; if it belongs t the people, no time should be lost in Ecls, Conger, -Hoi Mann requesting them to give up their title deed. The people living in the vicinity of the place should previously be informed of the itended visit of the mining engineer, so that he might not be interfered with or interrupted in his work.
